Yo guys! If someone wants to practice cornering&to remove the pussy stripes by raping your tires, hof is amazing for that!
Very nice asphalt, twisty road uphill and downhill.
But watch out! Puercos are hiding sometimes. Go one turn slower and look for those pigs (they‘re hiding mid or end of the track), and if they are not there you can shoot through the corners like a mad man. Realy funny!

Cuvajte se!
